

Emmanuel Home for Children, Lungi, Sierra Leone.

Most of the 26 children who live at Emmanuel House were orphaned through the Ebola epidemic a few years ago.

Until they moved to the house, the majority of these children didn't have a bed to sleep in never mind toys to play with.

After losing their parents some children lived with extended family who couldn't afford to feed them and sent them out to work in the market, others had no one and ended up on the streets. After so much trauma, many of the children were very quiet and withdrawn when they first moved in.

Now they live in a comfortable home, they eat regular meals and learn about health and hygiene. The children have security in knowing they are loved and cared for and are learning what it means to be part of a Christian family. Counselling is provided as needed. Every morning is started with Bible reading and praying together.

The children at Emmanuel house are now happy and lively. They attend New Hope School and Sunday School at New Hope Church. They enjoy games at home and outings to the beach. Josephine (aged 8) says "I thank Jesus for loving me and giving me a new home and family at Emmanuel Home".

Please pray for the children and house parents at Emmanuel House. If you would like to donate to help support vulnerable children, £20 will feed and care for 1 child for a month at Emmanuel House.
